## Magnus Health App

The robust **Magnus Health App** allows parents to submit their student forms right from any 'smart' device at no cost! No more scanning... no more faxing... and no more mailing health records. This app allows parent users to simply take a photo of health forms with any smartphone, and to upload them directly into their Magnus account.

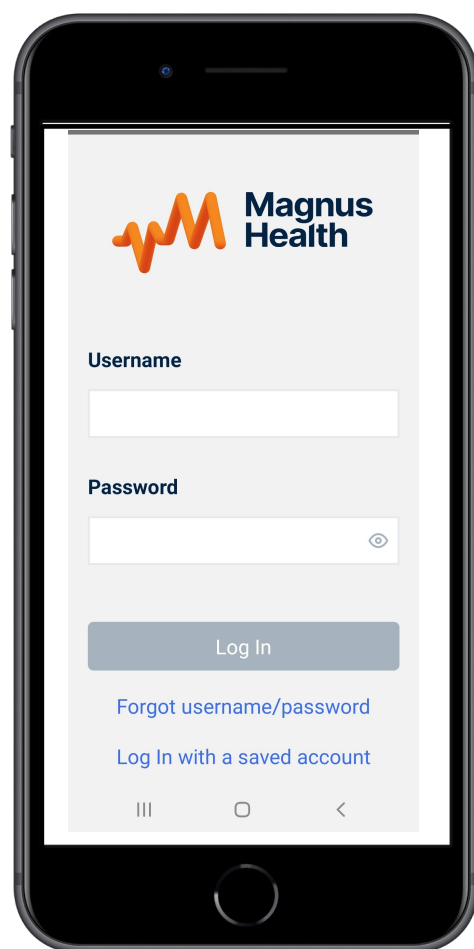

Parents can complete all requirements, fill in student health data, and receive app notifications from the school regarding their students all on their phone! These secure notifications keep parents abreast of health center visits, medication administration, or even a missing form for an upcoming field trip.

### Parents Using the App Can:

- Complete health data requirements seamlessly & on time with just a few clicks.
- Have "Forever" access to student health information, securely stored in the Magnus portal.
- Avoid having to contact the school for health forms post-graduation.

### How to Download & Setup the App:

1. **Log in to WoodsNet:** <https://www.woodsacademy.org/login>
2. Scroll down and click **Health**.
3. On the **Health Information** page, select **Log In to Magnus Health** and click **Go to My Magnus Health account**.  
PLEASE NOTE: You will be asked to enter the following:
  - Enter School's District Code: **WA-MD**
  - Re-enter your WoodsNet **Username**
  - Re-enter your WoodsNet **Password**
4. From the Menu, click **Student** → **Medical**
5. Click **Login** to Magnus Health. You will be automatically logged into your account.
6. **Hover over your name** within Magnus (top left of screen) and choose **Change Credentials**.
7. **Create a Username & Password** that only you know and will remember. **This username and password combination will be used as your Magnus Health app login ONLY.**  
**Password Help:** Your Password should be **10 characters** with at least one capital letter, one number and one special character.
8. In your device's **Apple Store** or **Google Play Store**, type in **Magnus Health** and click **Install** to install and download the app. Log in to the app using your newly created username & password.
